I _____ live within the boundaries of North King County Little League. I have participated for one-half (50%) of the regular season in the _____ division. If named to the Post-Season Tournament Play team, I understand that I must be available for every practice beginning June 15th and every game at the district tournament through July. If my team wins the district tournament I will be available to play at each tournament thereafter that my team advances to, including State, Section, Division, Regional and the Little League World Series in late August. I also understand that if I play in any other organized sports during this time, my commitment to North King County Little League and my teammates and coaches comes first. I further understand that teambuilding and improving my skills as a player are as important as playing the game, and if I miss two scheduled practices for reasons that are not considered excusable by the League President, my position on the roster may be given to another player. Once play begins for a tournament team, players named on that team's tournament affidavit may NOT participate in any other youth baseball/softball program until that team is eliminated from tournament play.
